FROM THE HISTORY ARCHIVES

John Dare has provided the following information from 2010

Winter Escape with a Difference – Building Houses in Fiji

Deloraine Rotarians have come up with a novel way to escape the 2010 Tasmanian winter – volunteer to work on a project constructing low-cost houses for displaced families in Fiji.

A team from the Rotary Club of Deloraine has returned from working on Stage 2 of the Koroipita Model Town Project, just outside Lautoka, Fiji's second largest city. The low cost housing project will see 240 cyclone safe houses built in a newly developed, fully serviced subdivision. Stage 1, comprising 80 houses, has been completed and work has just started on Stage 2 of 240 houses.

Most of the construction work on the project is being undertaken by teams of Rotarians from all over Australia and New Zealand, purely on a voluntary basis. The Deloraine team of John Dare (leader), Trevor Flowers, Brian Smith, John Robertson, Laura Richardson and Randall Turner completed three houses during their fortnight tour of duty. A team from Salamanca Rotary Club worked on Stage 2 of the project at the same time.

The Tasmanian Rotary teams also worked on the villagers' community hall which will seat 400 and be used for community meetings and gatherings and a place of refuge in cyclones.

Stage 2 of the Koroipita project is funded by \$3 million from the New Zealand Government, \$300,000 from Rotary International and \$180,000 from the Fiji Government.

The low cost housing project targets one of Fiji's most critical social problems – housing displaced families. Families have been displaced by massive floods, by domestic violence or by eviction from cane farms after 99 year leases expired.

The Deloraine team, while contributing their knowledge and skills, also learned a lot from the Fijians in terms of their knowledge and skills, said leader John Dare.

"To gain a better understanding of Fijian culture was very rewarding" said team leader, John Dare. "To experience the gratitude shown by the Fijian people in appreciation of the effort put in by Rotarians was overwhelming" said Mr Dare.

During the team's two week's stay, the women of the village cooked lunches for the Deloraine team and spent a lot of time chatting with them, revealing a little of their lives.

Over the course of the Koroipita Model Town Project to date, more than 200 Tasmanian Rotarians have volunteered their time to work on the project, with many more teams of Rotarians from Tasmania to come. One of the thoroughfares in Stage 1 is called Tasmania Street in recognition of the contributions of the Tasmanian Rotarians who have worked on the project.

Information obtained from District Newsletter

**The lighter
side...**

An antelope and a lion entered a diner and took a booth near the window. When the waiter approached, the antelope said, "I'll have a bowl of hay and a side order of radishes."

"And what would your friend have?"

"Nothing," replied the antelope.

The waiter persisted, "Isn't he hungry?"

"Hey, if he were hungry," said the antelope, "would I be sitting here?"
